

PHOTO CHALLENGE 2020

#OurCityOurForest

At the start of a new decade – **the UN Decade on Ecosystem Restoration** – our collective challenge as humanity is more obvious than ever before: how to live in greater harmony with nature.

- Do you walk past trees in your city? Show how much you love trees.
- Do you go to the forests near your city? Show how you connect with nature.
- Do you and your family or friends live close to or in the forest? Show the world what it's really like!

Share your photos via your personal or city account on Instagram or Facebook!
